PATHRAWUT

Network Engineer | Fortinet | Palo Alto | Aruba | Enterprise Infrastructure & Security

Phone: +62 811 145 597 | **Email:** wannachaiprem@gmail.com | **Location:** Bekasi, West Java | **LinkedIn:** linkedin.com/in/pathrawut-wannachai-51b037128

SUMMARY

Network Engineer with 2+ years of hands-on experience designing, deploying, and securing enterprise networks for B2B clients across Jakarta, West Java, and Central Java. Skilled in firewall management (Fortinet FortiGate, Palo Alto), enterprise wireless and switching (Aruba, Huawei), VLAN segmentation, and site-to-site VPN. Experienced in leading a 5–10 person field team, preparing technical specifications and Bill of Quantities (BoQ), and presenting solutions to client stakeholders.

AREAS OF EXPERTISE

Network Security & Firewall Administration

- Fortinet FortiGate, Palo Alto Networks firewalls, firewall policy & NAT, site-to-site and remote-access VPN

Routing, Switching & Enterprise Wireless

- VLAN segmentation, inter-VLAN routing, static/dynamic routing, Huawei switches, Aruba enterprise switching, Aruba and Huawei access points, wireless site design and deployment

Network Performance & Backbone Infrastructure

- 1 Gbps / 2.5 Gbps / 10 Gbps link deployment and optimization

Server, Virtualization & Enterprise Storage

- Proxmox VE cluster, Docker, Ubuntu Server, Synology RackStation, RAID configuration

Surveillance Networking & Technical Documentation

- Hikvision IP camera systems, VMS, thermal imaging, NAS-based retention, BoQ, technical specification, network diagram, client presentation

EDUCATION

Bachelor of Business Information Technology | Binus University, Bekasi (GPA: 3.11 / 4.00) **2025**

WORK EXPERIENCES

IT Infrastructure / Network Engineer – Pathra Raya Sejahtera (IT Consultant), Bekasi, West Java **Aug 2024 – Present**

- Design and deploy enterprise network and security infrastructure (firewall, switching, wireless, VPN) for 12 B2B client projects across Jakarta, West Java, and Central Java.
- Configure and maintain FortiGate and Palo Alto firewalls, including security policies, VLAN segmentation, and VPN tunnels for 5 client sites.
- Deploy 1 / 2.5 / 10 Gbps network backbones and Aruba/Huawei switching and wireless for sites of up to 250 users/devices.
- Build and manage a Proxmox VE cluster and Synology RackStation storage with RAID for client data redundancy.
- Deliver end-to-end Hikvision IP surveillance projects of up to 500 cameras, including VMS setup and high-retention NAS storage.
- Prepare technical specifications and BoQ for projects valued at IDR 500 Million Rupiah – 2 Billion Rupiah.
- Lead a field technical team of 5–10 people and coordinate directly with client stakeholders from survey to handover.

Social Media Officer – Metamorphosys (Creative & Digital Agency), BSD, Tangerang **Feb 2024 – Jul 2024**

- Planned and executed data-driven content strategies and monthly editorial schedules across client digital channels, achieving a 44% increase in follower growth against business KPIs.
- Tracked audience engagement, reach, and campaign performance metrics using platform analytics tools to compile periodic insight reports and optimization recommendations for clients.
- Coordinated daily content production timelines and deliverable reviews across design, copywriting, and account teams to ensure on-schedule campaign publishing aligned with client briefs.

Business Development – Alifindo Mitra Bersama (General Trading Company), Bekasi, West Java **Jan 2023 – Jan 2024**

- Conducted B2B market research, competitor benchmarking, and industry demand analysis to map prospective corporate clients and identify new business opportunities.
- Prepared commercial proposals, product quotations, and client presentation materials in collaboration with procurement and operations teams to align pricing and delivery timelines.
- Maintained B2B prospect pipeline databases and coordinated follow-up communications from initial inquiry through quotation handover to support client acquisition and retention.
